

Fire Razes Wiser Home At Donner; Traffic Is Delayed

A landmark on the north side of Donner Lake—the home of Dr. and Mrs. Ray H. Wiser and family—was completely destroyed by fire Friday afternoon.

Highway 40, which runs close to the front of the house, was closed for a short time as firemen from the Donner Lake and Truckee Volunteers and the U. S. Forest Service suppression crew found it necessary to pump water from the lake and were forced to run hose across the highway.

The fire is believed to have started from Sparks from the fireplace which fell on the roof. It was discovered by the eldest of the Wisers sons, who saw smoke as he returned home from school. Mrs. Wiser and the three younger children were evacuated safely and Dr. Wiser assisted the 30 firemen in fighting the roaring flames and they spread quickly through the three-tiered frame structure.

Spot fires which started some distance from the flaming house were extinguished by forest service personnel and a threatened forest fire was prevented in the dry brush and timber back of the house. Several times trees near the house were ignited.

The fire started about 3:20 p. m. and firemen fought for four hours to subdue it. Volunteers were called out again at 10:30 Friday night when bedding thrown from the house continued to burn.

So fierce was the fire that only a few personal belongings were saved, including the doctor's medical books and his valuable gun collection.

Traffic was resumed over 40 when one of the Wiser boys crawled through a culvert and the fire hoses were pulled through after him.

Dr. Wiser is assistant Nevada County health officer and president of the board of directors of the Donner Lake fire department. The family purchased the large house last year from Mr. and Mrs. Arthur Lindauer. The loss was estimated at between \$35,000 and \$40,000.

TIME SHORT FOR ANY PHONE BOOK CHANGE

There isn't much time left to make changes or additions in the new 1961 telephone directory, Pacific Telephone Manager L. R. deGallery reminded local residents today.

Friday, June 2, is the last day that changes in the alphabetical listing of the new directory can be made, deGallery said.

Those wanting separate listings for their children or others living in their home, or who want to change their present listing in any way, should contact their Pacific Telephone business office, deGallery said.

The new directory is scheduled for delivery starting June 28.

WATER SUPPLY GOOD IN TRUCKEE AREA

The Truckee, Donner Lake and Donner Summit water supplies are not only ample, but pure.

This was verified this week by Francis Longo, Truckee Public Utility District manager, who said that the new so-called south-side well is producing 190 gallons of water per minute to add to the present supply, and by Richard Walker, area sanitarian, who has recently completed a survey of the water in the district.

This survey, which showed all water pure, was taken in the utility district, at Donner Summit and in the Donner Lake area. The new Lewis well in the district's system, was said to be excellent.

New Tahoe Center Opening Is Being Observed Today

TAHOE CITY — Seven local businesses will join in the celebration of the opening of Tahoe City's new half-million dollar shopping center Thursday, Friday and Saturday of this week.

The seven are the new Safeway store, the Tahoe City post office, Mr. K's Fashions for Dad and Lad, the North Tahoe Laundrette No. 2, the Tahoe City Bakery, Tahoe City Pharmacy and the new Bank of California.

Each of the seven are offering special prizes and surprises and invite everyone to attend the grand opening celebration.

On Thursday at 11 a. m., the color guard from Stead Air Force Base will be on hand to assist in the dedication of the post office and new shopping center. Postmaster Oliver Corona announced that the Tahoe City Rotary Club is assisting in sponsoring the observance there.

Among the prizes offered for the opening are 30 hen turkeys to be given away by Safeway, a \$300 wardrobe by Jimmy Kornstein of Mr. K's, free service by the laundrette, refreshments by the Tahoe City Bakery, gifts for children and adults at the pharmacy and the bank is asking visitors to register for a big prize to be given away July 14. None of the prizes involve purchase or obligation of any kind.

A special four-page section of the Sierra Sun today is devoted to the opening and it is anticipated that hundreds of visitors will join in the celebration.

SERIOUS DAMAGE AS INSULATORS BROKEN

Youngsters, with apparent no idea of the seriousness of their vandalism have been breaking high line insulators from the poles of the Sierra Pacific Power Company in the vicinity west of Truckee with .22 calibre rifles.

F. W. Gallen, the company superintendent here, said a patrol of the area following last night's storm revealed at least 20 insulators destroyed in a very short distance. Not only is this a heavy expense to the company to repair, but could easily be the cause of a serious fire.

The mischief is a federal offense and Gallen is asking all parents to put a stop to this kind of target practice and is offering a reward for the apprehension of those responsible.

It will cost the company more than \$1,000 to repair the damage.

JOHNSON ASKS AID FOR FIRE FIGHTING

WASHINGTON, D. C. — Congressman Harold T. (Bizz) Johnson of the 2nd, mountain-valley, district has urged the Senate Appropriations Committee to budget adequate funds for the full implementation of the program for national forests.

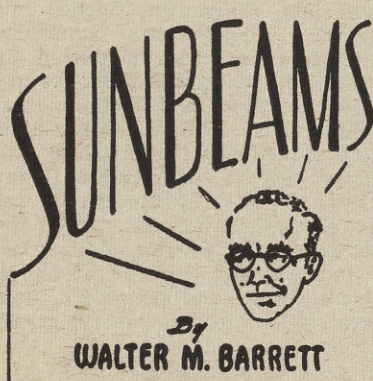

In a statement before the subcommittee on interior and related agencies, Representative Johnson made special emphasis of the need for adequate fire prevention and control in our national forests and for timely development of an adequate system of access roads.

Awards For Two

Mrs. Eve Hallett and Reg Smart received awards Friday evening at the Boy Scouts Council dinner held at Auburn for their unflinching interest in scouting. It was noted that Smart had been in the work for the past 16 years. Mrs. Smart also attended the affair.

Thibys South

Mr. and Mrs. Leonard Thibys and family went to Los Angeles over Memorial Day.

Bouquets this week to the Tahoe Tappets, a group of young men banded together to promote community cooperation, safe driving and mechanical knowledge. This small group of teen agers recently incorporated, selected officers and set forth to show that boys can play an important part in the welfare of the community. They had three pickups going steadily during the recent cleanup campaign and have volunteered their efforts for other worthwhile endeavors. Their chief purpose is to promote safe driving and drinking liquor is a bar to membership. With so much publicity given so-called juvenile delinquency, we think this club is entitled to a big hand for its purposes and is earning community respect.

No Protests Made On Hospital Plan

Since no protests or applications for exclusion were received at the hearing last Friday, the governing board of the Tahoe Forest Hospital passed a resolution tentatively calling an election for August 1 for the annexation of the Squaw Valley area into the hospital district.

Residents of the area had petitioned the board for annexation. It was pointed out by proponents of the annexation proposal that especially during winter months, the Squaw Valley region makes heavy demands upon the hospital and it was felt that for this reason, the area should be included in the district.

Ted Barrett, president of the board, presided at Friday's meeting and no one appeared in favor or in opposition to the plan.

TAHOE CITY—Open house will be observed at the Girl Scout camp, Camp Wasiu at Meeks Bay on Sunday, June 18 it has been announced by local Girl Scout officials. It is stressed by Scout officials that this is a social occasion and not a work-day project.

A hot lunch will be served beginning at 12:30 noon and there will be a charge of 75 cents per person for the lunch (there will be no charge for children under five). Registrations are required and it is requested that they be turned in to the Girl Scout office by June 12, accompanied by payment for lunch reservations. The reservations should be sent to the Sierra Nevada Girl Scout Council, P. O. Box 808, Reno, Nevada or to Bea Lyons, Tahoe State Park, Tahoe City.

Plans Are Made For Opening New Golf Course Soon

Members of the Shadow Valley Country Club at their meeting Monday in the new clubhouse, formulated further plans for the formal opening of the new Truckee golf course on June 18 to which the public is invited.

Details for the celebration are being worked out by the pro, Orf DeLuca, Lauren Russell, general chairman of the program for the club and the club president, Charles Fink.

The program is scheduled to get under way at 11 a. m. with the formal dedication of the new facility. A number of prominent state and county officials, as well as professional golfers have been invited to participate in the opening of the new public course.

At noon golfers will take the field and the afternoon will be devoted to play with three outside pros scheduled to give the course a real test.

A barbecue will be served at 4 p. m. and the public is invited. Reg Smart is chairman of the food committee and other committees will be announced next week.

In the meantime, the course is open and scores of golfers are taking advantage of the excellent facilities. Tickets for individuals and families are available for the season at the office of the Truckee Public Utility District which provided and maintains the course.

LIGHTNING STORM IN AREA STOPS SERVICE

Lightning which struck the substation of the Sierra Pacific Power Company here shortly before 5 p. m. last night delayed electric service in the community for about an hour as workers sped to repair the heavy damage. The circuit breaker on the Truckee Public Utility District's line was burned out and a transformer hit. A fire was started but was soon extinguished.

THREE BABIES BORN AT LOCAL HOSPITAL

Three more children will celebrate their birth dates in the month of May, following their arrivals in Tahoe Forest Hospital. David Stuart, was born May 24 to his parents, Mr. and Mrs. James S. Morrison of Tahoe City. He first tipped the scales to 6 pounds, 13 ounces.

The same day Shawn Roland timed his arrival to greet his parents, Mr. and Mrs. Calvin Gandy of Truckee. His registered weight was just over five pounds.

Ruth Ann welcomed her parents, Mr. and Mrs. Bobbie J. French on May 26. Ruth was a trim weight of 7 pounds, 6 ounces at birth.

PHONE CALLS IN TIME OF FIRE ARE RAPPED

Officers of the sheriff's department and fire department have asked that during fire calls for information be restricted to firemen only.

It was pointed out that immediately after the siren sounds, numerous curious people call the department seeking information and this holds up notification for firemen and quite often a minute is important to the men who must battle the blaze.

Remember, the house you save may be your own, if you will refrain from use of the phone during these emergencies.

Golf Tournament Is Slated By Club Here June 11 - 12

Truckee's Shadow Valley Golf Course, the new publically owned links, located a mile southeast of town, will offer the first open golf tournament to be held in the Sierra this year on June 10 and 11.

Several hundred golfers are expected to participate in the 18-hole handicap event, sponsored by the Truckee Rotary Club.

There will be a barbecue at 8 p. m. June 10 at the beautiful new clubhouse, built largely through donations of time and materials by local citizens and members of the Shadow Valley Country Club. Club pro, Orf DeLuca, formerly with the Washoe County Golf Course in Reno, announces that the greens and fairways are in top condition and he describes the nine-hole layout as both beautiful and challenging.

Information on the tournament can be obtained from the Tournament Director, Box 1322, Truckee. Inquiries regarding the course may be addressed in care of the Truckee Public Utility District.

Officers Retained By Water Compact

Meeting in Reno recently, the California-Nevada Interstate Compact Commission voted to retain its present officers and approved a plan wherein Nevada would have to pay only \$250 a meeting for expenses.

The group also took under submission a plan by Nevada members for reorganization of the commission which would give that state seven members.

Robert Newell of Boise was retained as chairman with A. M. Barton of Sacramento, vice chairman and Edmund Muth of Nevada as secretary.

In the past the commission has spent about \$14,000 a year on meetings with each state paying half but it was pointed out that Nevada is short of funds since the last legislature cut its expenditures.

This marked the 30th joint meeting of the commission in its five year history. It will meet again in Reno July 26-27.

Cecil Edmunds of Truckee, George Kehlet of Meeks Bay and William Becholdt of Tahoe City are members of the California commission.

BEER LICENSE FUND SHARED BY COUNTY

The unincorporated area of Nevada County has received \$11,711 as its six-month share of the annual license fees and payments in compromise paid by the beer taverns and package store owners to the state board of equalization.

The most recent payment was for the six-month period ending February 28. In addition to the unincorporated area payment, individual cities within the county each received a share of the fees, with the grand total for Nevada County amounting to \$21,629.

A package store beer and wine license costs the owner \$31 per year, while a general tavern license costs \$6,000. A beer and wine only tavern license costs \$163 per year.

LUNARDI'S DISTRICT EXPANDS IN PLAN

Assemblyman Paul J. Lunardi of Roseville will receive an extra workload under the new apportionment plan unveiled at the legislature in Sacramento last week but he's "happy about it."

"I have represented a very large area—ten counties—and I have absolutely no objections to including Yuba County, as the plan suggests," said Lunardi.

"I am familiar with quite a few of their problems, especially water problems. I will give their problems my full attention, as I have to other areas," said Lunardi. The gaining of Yuba County is the only change in his representation under the plan.

Progress Made On Donner Ridge Burn

The big job of rehabilitating the Donner Ridge burn is currently making good progress. The U. S. Forest Service at present has a contract clearing job with Frank Delaney and J. D. Tynes on Billy Hill that calls for clearing and piling all dead and burned trees on some 300 acres in preparation for planting small pine trees next spring, Norman C. Anderson, assistant ranger said.

The forest service also has a small bulldozer doing erosion control and site preparation work in the Billy Hill area 9 miles north of Truckee. Forest service operator Dave Adams is doing this work.

Several other clearing contracts are to be let out on prospectus in the near future. The first area to be let for bid is one-half mile northwest of Hobart Mills. This additional 300 acres will also be ready for tree planting early next spring. Another 250 acres will be cleared later this season north of Billy Hill, Anderson declared.

The forest service also plans to contract the spraying of young shoots of rapidly sprouting brush.

BE CAREFUL WITH FIRE

STRIKES & SPARES

BY JOE WILMAN

REMEDYING
COMMON FORM
FAULTS

Here are some easy remedies
to the problems that most of
you have been writing in to me
with. I was so surprised to see
that so many bowlers have the
same bottlenecks that I thought
answering the letters this way
would also help those of you
who didn't write me, but have
the same bowling problems.
Here are the answers to various
form faults:

1. If your footwork has a
tendency to drift to one side or
the other, concentrate on keep-
ing each single step in a straight
line. Forget about your deliv-
ery for a while and just con-
centrate on moving up to the
foul line in a straight line. You
can even try it without the ball
until you groove your footwork.
2. If you finish sideways at
the foul line consistently, try
pointing your left foot directly
at your target when you take
your stance and keep it pointed
there throughout your entire
approach and delivery. Slide
smoothly to a stop and keep the
toe pointed directly at your tar-
get. Check my left foot in the
illustration to see what I mean.
3. If rushing the footwork is
a problem for you, think of
yourself as the engine of an
automobile. You begin slowly
from a complete stop, and you
must go through a couple of
gears before you reach your
normal speed. That's why the
first two steps must be shorter
and slower than the third or
fourth. Those final two steps
happen when you're in high
gear.

DONNER DOINGS

By VIRGINIA O'BEAR

Donner Lake was a very busy place over the weekend since it was Memorial Day holiday and many city people were up. Lights were on across the lake in just about all of the summer homes and it looks so pretty at night. The weather was breezy but despite all this, water skiers could be seen everywhere. Runabout boats covered the lake and I wonder how the fishermen felt when some of them went by. Fishing was very good with many people getting their limits.

I think the terrible fire the Wiser's had Friday is on everyone's mind. It could happen to any of us when we least expect it and one never knows when they will suffer the same disaster. Even though most of us have insurance, you can never replace the personal and sentimental things one collects over the years. We are all thankful that none of the Wisers or the firemen was hurt. They worked very hard and saved some things from the home before the fire destroyed it. I think it is so wonderful that Dr. and Mrs. Wiser are almost settled and that Muriel had help from several auxiliary members with some of the things salvaged from the fire. The Donner firemen were very efficient in keeping the fire under control so it wouldn't spread among the trees and other homes. The fire is believed to have started around the chimney so it would be a good idea for all of us to give our homes a double check up on chimneys and wiring and anything that could cause a fire.

The firemen realize that much more equipment is needed for our fire department and all of them are as busy as bees working on the Donner Lake Regatta in order to raise more funds. Property owners who have forgotten to send their annual donations to the firemen should do so right away because if they don't, a fire district might have to be made in order for the firemen to operate to protect the people.

Little David Brodie is back home after having major surgery at the Washoe Medical Center last week. Nancy says he is doing quite well since they brought him home Friday so we hope he will continue with this splendid progress. He is a mighty little fellow to have to undergo surgery — he will be a month old soon.

I think last Saturday was one of the most enjoyable days I have had for a long time. I started out with Alta VanSickle and Louise Tapia since the two are chaperones for Miss Donner Lake and her court, meeting at Smart's for coffee. We were joined by the Bonanza workers, Alta Sheahan and Van Helena of Grass Valley and "Mr. Bonanza" himself. Mr. Bonanza is the pony that is being given away on July 4, the same day as the parade our queens will be participating in, down in Grass Valley. Our first stop was Squaw Valley where we were greeted like royalty. The queen and her court

AUBURN PROMOTION IS TOLD TO ROTARY

TAHOE CITY — Randolph Steffen, historian and artist of Auburn, told Tahoe City Rotarians at a recent club meeting, of his plans to develop 270 acres of land near Rocklin into a historical gold rush park.

The land which adjoins a new land development known as Sunset City, will, according to Steffen, contain authentic reproductions of towns, industry and everything that existed in California dating back to the 1850s including the types of transportation. There will be the buffalo and other wild animals that roamed the prairie and mountains and there will be Indians dressed according to the period in history.

The project when completed in 1963 will cost six million dollars and will be financed by private capital much of it from Texas, home state of the developer.

Sandra Van Sickle of Truckee, the 1961 Donner Lake Queen and her escort, Jack Schelaty, Truckee Rotarian, were invited guests at the May 23 club meeting. President Ralph Bly introduced the queen who thanked the club for its support in voting her queen and she invited all local golfers to attend the coming golf tournament at the new Truckee golf course. Jay Shontz was program chairman. President Ralph Bly announced the next club meeting will be at noon, June 6 at Tahoe Inn.

were photographed on the ice at Blyth arena with skating champion Murray Golbreath and he invited them to appear on ice at the ice show set for June 16. They will announce to the spectators about the Bonanza parade and the Donner Lake Regatta and the girls are so excited about this. John Corbett is working on publicity for Squaw Valley and took about 75 pictures of our queen and her court at all interest points at Squaw Valley and will work to help advertise the Regatta. He went along with us to Lake Tahoe and photographed the girls over there to help the Tahoe people remember to come to the Donner Lake Regatta. The connections made Saturday for advertising and publicity were terrific and this year looks very promising for the Donner firemen. I took pictures, too.

"God the Only Cause and Creator" is the subject of the lesson- sermon to be heard at all Christian Science churches Sunday.

Readings from the King James version of the Bible will include this verse from Revelation (4): "Thou art worthy, O Lord, to receive glory and honor and power: for thou has created all things, and for thy pleasure they are and were created."

One of the correlative passages to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy states (p. 207): "There is but one primal cause. Therefore there can be no effect from any other cause, and there can be no reality in aught which does not proceed from this great and only cause."

The Golden Text is from Psalm

SECOND GRADE: Those children who received 100 per cent in a 45 word final test are Cynthia Camp, Bonnie Nyberg, Marlene Lisle, Peggy Tilton, Billy Moyer and Julia Gehlert.

Several children received 100 per cent in an arithmetic test. Everyone in the class is striving for outstanding grades at the end of the year.

FIRST AND THIRD COMBINATION: Tomorrow is the big day for our first graders. We will go to James Canyon Ranch in Nevada. We have learned about cattle, horses, sheep and goats—this will help enrich our trip tremendously.

The third grade has a new girl named Sharon Conine. She is from Truckee.

FOURTH GRADE: Children receiving hundreds in a long division time-test through the nines were: Tome Ose, Denise Kimball, Greg Hill, Jim Orr, Andrea Call, Kathy Mockaitis, Shirley Stark, Mike Kettenhofen, Heidi Henriksen and Calvin Bechtold.

Twenty-eight children received hundreds in the weekly spelling test.

FIFTH GRADE: Fifth grade comprehensive testing in arithmetic brought forth following winners: Violet Wirtz, Denise Henriksen, Tabor Griswold, Steven Shaw, Mike Pelletier, Tom Hoff, Breezie Cross and Scotty Cannon.

SIXTH GRADE: Those who received "A's" on review arithmetic tests Wednesday, May 24, were: Ralph Stromgren, Stephen Mayhew, Kathy Coster, Marty Spitson, John Carnell, Barry Bradley, Roger Olsen, Doug Wirtz, Jon Caulkett, Holly Wall and Leigh Swigert.

SEVENTH GRADE (Mr. Hawk): This week two debates were held. The first was pro-Castro—anti-Castro which included Karen McBride and Allie Cushing. The second was a debate between Roger Kahn and Steve Rogers representing President Kennedy and Premier Khrushchev.

SEVENTH GRADE (Mr. Stenhaus): Grades on the most recent social studies test came up considerable over the whole class. Receiving A's were Joan Palmer and Virginia Laughlin. The B plus papers were earned by Victor Camp, Ann Skerry and Glenna Hepner. B and B minus grades were made by: Cynthia Chandler, Pat Dempsey, Jean Hallifax, Kirsten Hansen, Harvey Hopkins, Benny Keechler, Jill Lyons, Cookie Myers, Lance Poulsen and Steffie Snyder.

GIRL SCOUT CAMP DATES ANNOUNCED

The Sierra Nevada Girl Scout Council announces that the first session at Camp Wasiu, from June 30 to July 7, is almost full. There are three other sessions, however, that have more space available. The second and third sessions run for two weeks, and the fourth and final one is another one week session.

Camp Wasiu, located three miles west of Meeks Bay, Lake Tahoe, offers a varied program of crafts, hikes, overnights, cookouts, swimming, etc. to all girls entering the fifth grade in the fall, or between the ages of ten and 17. The camp is not limited to Girl Scouts, but is available to any who wish to attend.

In order to have a choice of which session the girl would prefer, everyone is urged to get their registration in now. Full details on cost and equipment needed may be had by contacting the Girl Scout office in Reno, Nevada.

The road is now open into camp and parents are welcome to visit any Sunday until June 18.

District School Notes

Superintendent John S. Corbin met on the school site with Glen Artis, general superintendent of W. A. Drennan Construction Company, contractor on the Donner Trail School multipurpose addition, Richard A. Patrick, representative of the architect firm of Cox and Liske and Rex Anderson, principal of the Donner Trail School, to work out plans in detail for the start of the construction on Monday.

Digging of the well at the Tahoe Truckee High School site is progressing satisfactorily. Meyer Drilling Company of Carson City, Nevada, is doing the drilling and presently is down approximately 108 feet.

School of the Tahoe Truckee Unified School District were closed Tuesday, May 30, and all personnel enjoyed a one day holiday.

Mr. and Mrs. Earl Stice spent Sunday in Marysville. While there they visited Mrs. Nell Schull who is confined to the Rideout Memorial Hospital.

Harold Drummond, principal of the high school, and Neil Gates, basketball coach, fished Cold Stream Sunday, in back of Donner

Monument. The stream was very crowded with tourists from the valley, and either that or not using the right bait resulted in a fishless dinner.

Charles Parsons, superintendent of Roseville Joint Union High School District, Carlin Coppin, superintendent of the Lincoln Union Elementary School District and Carl Thompson, assistant superintendent of Placer County Schools, enjoyed a one day fishing trip with their host, John S. Corbin.

The deepest producing oil well in the world is near Lake Grande Ecaille, La., 22,500 feet.

Whether you're in the mood for buying or just visiting, you can be sure the welcome mat is out for you at the new Safeway-Tahoe City Shopping Center. There's an unusual landmark to greet you at the entrance to the new Center. It's a 50-foot authentic totem pole carved from a huge California Redwood trunk. A sight which alone is well worth the trip to the Center. All stores in the Center are typical Lake Tahoe architecture—rustic redwood and stone with touches of Indian art throughout. There's a boat dock on the lake side with space to dock 18 boats at a time. So, if you prefer boating to auto riding, this convenience is for you.

On Thursday, June 1st at 11 o'clock, the Color Guard from Stead Air Force Base will be on hand to assist in the dedication of the Post Office and Shopping Center. Plan to join the festivities.

By MRS. ELLEN ATTARDI
Telephone JU 3-3917
Tahoe City

The Milton Levys of San Francisco are spending the summer at their Tahoe Park residence. Mr. Levy left last Wednesday on a short business trip to New York.

Assisting Mabel Nielsen in organizing the American Red Cross swimming program is Assistant Chairman Eunice Henriksen. The present plans call for instruction for more than 150 children, ranging from beginning instruction to instruction in life saving techniques. The classes are scheduled to be held at five different motel pools with swimming instructors and swimming aides and other volunteer workers at each pool. Two weeks of daily classes will be held starting Monday, June 12.

Celebrating her birthday last week at her Tahoe City home was Liesel Meyers. Many happy ones.

Sandra Snyder, daughter of Mr. and Mrs. Don Snyder, graduated from the elementary school of the Mt. St. Mary's Academy in Grass Valley in a lovely cap-and-gown ceremony on May 25. Forty graduates, including both the grade school and high school, participated in the ceremonies with the girls carrying bouquets of red roses and daisies. Sandra returned from the graduation exercises with her parents to spend the summer holiday at their Lake Forest home.

Plans for the Truckee-Tahoe Neighborhood Brownie day camp program are progressing nicely according to Day Camp Director Phyllis Freeland and Assistant Director Ivy Kimball. The camp is scheduled to be held at Camp Noel Porter near Tahoe City the week beginning Monday, June 26. Various activities have been scheduled for the camp, including arts and crafts projects as well as hiking, an outdoor cook-out, an overnight session, volleyball, arch-

ery and badminton. There will also be a program for "tag-alongs." Among the volunteers who will be assisting with the program are Joanne Marier, Betty Jorgensen, Adele Tilton, Jan Cordes, Nancy Tomlinson, Sig Sigris, Liz LeGras, Beverly Massey, Jean Van Wetter, Rosemary Hanson, Ginny Stark, Virginia Duttweiler, Mary Morris, Gladys McClanahan, Betty Carlisle and Linda Giovanni.

There is still time to make reservations for the camp. Any one interested should call Bea Lyons at JUniper 3-3133 as soon as possible.

A double celebration was noted in the Harvey Hopkins family last Monday—the date being the birthday of daughter Harlene and the wedding anniversary date of parents Leah and Harvey. Harlene celebrated her 14th birthday with a slumber party on Saturday night for 12 of her classmates at the Hopkins Highlands family residence.

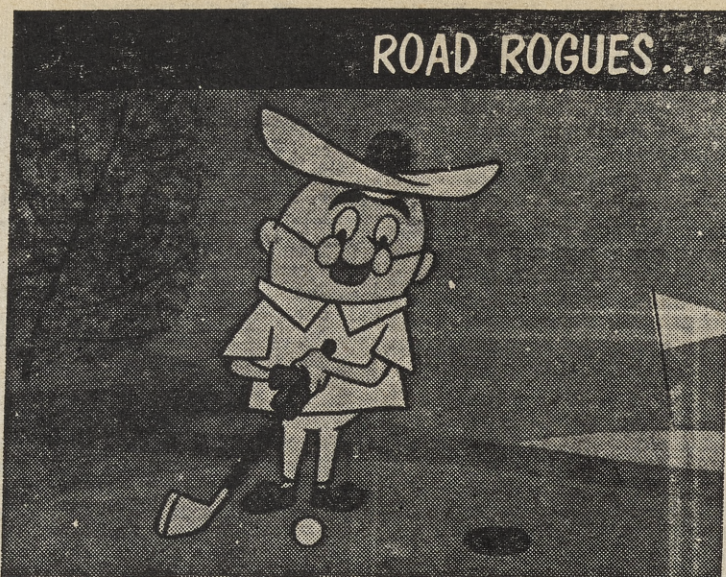

Preparing for the annual Tahoe Squaws "Thieves' Market" are committee members Connie Gill, Liz LeGras and Ivy Kimball. The "Thieves' Market" a rummage sale, will be held this year at the Tahoe Lake School on August 17, 18 and 19. The committee members have requested that anyone having contributions for the rummage sale to call JUniper 3-3214, JUniper 3-3250 or JUniper 3-3345 to arrange for a pick-up.

Ten young friends gathered to wish a happy birthday to Patricia O'Grady last week on the occasion of her third birthday.

Observed on the baseball field at Tahoe Lake School this week was Rosemary "Easy Cut" Donaldson who was coaching a number of beginning Little Leaguers in hitting and fielding techniques.

Returning to his home at Deer Park Lodge last Saturday was Allan Calhoun after a week's stay at Tahoe Forest Hospital. He is mighty glad to be home although he will be in a full leg cast for over six weeks.

Celebrating his fifth birthday on Tuesday was Guy Tomlinson, son of Mr. and Mrs. Stan Tomlinson of

ROAD ROGUES.

THE HOTHEAD... There's nothing like a round of golf on a pleasant summer day. It's relaxing. It's good exercise. Look at Mr. Muffet. Notice that sweet and tolerant look on his face. He won't have it long, because he'll miss a putt on the 16th or 17th hole, and across the landscape will go his serenity. This wouldn't be so bad if he didn't have to drive home. Driving and bad temper make dangerous companions, warns the AAA Foundation for Traffic Safety. When you are angry or otherwise emotionally upset, stay away from the wheel of your car.

CUTTHROAT TROUT PLANTED AT TAHOE

Some 13,000 six-inch Yellowstone cutthroat trout were planted in Lake Tahoe last week under a research project being undertaken jointly by the states of Nevada and California to try to improve angling in the lake.

Obtained by Nevada authorities from the U. S. Fish and Wildlife station at Hagerman, Idaho, the fish were planted on the Nevada side of the lake at Logan Shoals, near Zephyr Cove.

California and Nevada biologists marked the fish by removing a portion of their right jawbones. This mark has been used successfully in other parts of California and elsewhere.

Nevada plants a second plant of Yellowstone cutthroat later in the year. In June it plans to stock 15,000 fall-spawning rainbow.

California plants of cutthroat, from its Heenan Lake, Alpine County, source will be made this year. California also plans to stock Kamloops trout, a variety of rainbow highly esteemed by anglers near the California-Oregon line.

The South Tahoe Rod and Gun Club, cooperating with the state agencies, has slated a plant of two thousand 15-inch, one-pound rainbow in May and July. California biologists will mark these fish with a new experimental tag and also by the removal of the left pectoral fin.

The Yellowstone cutthroat is a relative of the Lahontan cutthroat which once thrived in the Tahoe area. It is yellow and orange and has under its chin the orange slash typical of the cutthroat trout. Biologists say it may turn a silvery color in Tahoe.

Lake Forest. Guy celebrated with a special boating trip and an ice skating session at Blyth arena.

Members of the Tahoe Lake senior choir were hosts at a choir dinner-dance held at the Tahoe Lake School last Friday night. All members of the choir participated in making arrangements for the dinner dance with Linda Hammer in charge of arrangements for the food and Allie Cushing supervising the decorations. Parents and faculty attending the party were Mr. and Mrs. Jim Reynolds, Mr. and Mrs. Rollie Hawk, Mrs. Harry Chandler and Mrs. John Palmer.

Visiting with Mr. and Mrs. Patrick O'Grady at their Tahoe City home this week is Mrs. O'Grady's mother, Mrs. Verna Odland of Concord.

House guests of the Dave McBride family this week at their Tahoe City home were Mrs. S. J. Metro, Mrs. J. L. Flynn, Mrs. Neil Horgan and Miss Nancy Horgan, all of southern California. Mrs. Flynn is the 93 year old great grandmother of Karen, Dianne and Leslie McBride.

Summer hours for the Tahoe City Library in the Community Center building have been announced by Librarian Ruth Jones. The hours will be effective on June 1 and will be from 2 to 5 p. m. on Mondays, Tuesdays, Thursdays and Fridays and from 7 to 9 p. m. on Wednesdays. Handling librarians' duties on Wednesday nights will be Annette Webb.

Hostess to the Monday Night Bridge Club at their last meeting was Mrs. John LeGras of Pineland.

Visiting with Jenny and Paul Arthur at their Tahoe City home is Mrs. Arthurs sister, Sonja McCaskie, who recently returned from a seven and one-half months European trip. Sonja enjoyed a skiing and sight-seeing holiday in Austria, Italy, Switzerland, France, Germany, England and Scotland.

Stout a malt beverage ranks among Ireland's best known exports.

RIDGE PLANTING

(Continued From Page 1)
species in the Sagehen area to reduce competition to young trees scheduled for planting next spring. All in all, a big planting job is foreseen for the spring of 1962 with 1,000 to 1,500 acres scheduled for reforestation. About 800,000 Jeffrey and Ponderosa pine seedlings will be planted by mechanical planters and by hand. This program will continue until all the plantable acres of the burn are reforested, according to Anderson, who is in charge of the projects. The major portion of the monies to do the reforestation job comes from timber sale receipts collected from the lumber companies who are logging the burned timber. Currently logging the burn are Feather River Lumber Company of Loyalton, Yuba River Lumber Company of Grass Valley and W. S. Price of Redding. To date they have logged some 20 million feet of burned timber with an estimated volume of 49 million additional feet to be logged this season and next.

RULES ON U-TURN IN TRAFFIC ARE TOLD

Ignorance as to the proper place to make U-turns apparently is causing a number of motorists to violate the law, Lt. O. P. Ledford, officer in charge of the California Highway Patrol's Truckee substation, said this week.

"U-turns are not permitted at any intersection controlled by traffic signals unless a sign is posted allowing such turns," he said.

"In residential districts, U-turns may be made at intersections or at midblock. In the latter case, the turn is permissible only if approaching vehicles are more than 200 feet away. In business districts, U-turns may be made at non-signalized intersections unless signs prohibit them.

"On the open highway U-turns are not permitted on grade crests or curves where cars cannot be seen for 200 feet in each direction."

Lt. Ledford emphasized that U-turns are never legal in front of fire stations. "On divided highways, make U-turns only at openings in the divider strip or curb. Never cross the curb or dividing section to make a U-turn."

\$25 Million Project For Incline Is Told

CRYSTAL BAY—At a news conference held Saturday, plans were revealed for construction projects at Incline Village which ultimately will total more than \$25 million.

The most ambitious project is a proposed \$15 million luxury hotel and casino and a cultural center to be developed jointly by the Pacific Bridge Co. and Sherrill Broudy Associates of San Francisco. Broudy said the initial unit of not less than 100 rooms will be ready by the summer of 1963.

The hotel will be located on a 40-acre site recently acquired from the Crystal Bay Development Co. Streets, water lines and sewage disposal facilities for the 9,000-acre planned community are being built under a contract by the Morrison-Knudsen Company of Boise and the Natomas Company of San Francisco.

A \$500,000 restaurant is scheduled to be started not later than October 1 by Bill Perry and Associates on Panorama Point on the Mt. Rose highway. It is planned to open the restaurant and the first half of a 50-unit motel on Memorial Day, 1962.

Larry Reynolds, Reno real estate developer, plans a 150-unit cooperative apartment to start in September and the United State Plywood Corporation plans to build 200 luxury apartments to be priced from \$25,000 to \$75,000 on 3,000 feet of the Lake Tahoe shoreline.

Galaxy Homes of Sacramento is planning 105 homes in the \$20,000 class and Kaufman & Broad of Detroit, Mich., proposes to construct 300 homes in the same price bracket while other firms are also considering homes, hotels, motels and business establishments.

CHANGE ORDERED

AUBURN — Supervisors of Placer County have ordered sewage and construction deficiencies corrected at the county administration building at Tahoe City after Supervisor William Briner reported the facilities violate a county ordinance.

At Susanville—Mr. and Mrs. William Scanlon were weekend visitors at Susanville.

SAFETY RECORD SET BY HIGHWAY CREWS
An all-time state division of highways safety record was honored last Wednesday when District Engineer Alan S. Hart of Marysville, on behalf of the district's 1,125 employees, accepted a special certificate of achievement in recognition of three consecutive years with the best index of accident prevention for any of the division's 11 districts.

Deputy State Highway Engineer J. P. Murphy made the presentation at ceremonies in Sacramento.

The previous record of two years was also held by the Marysville-based District III.

District III is composed of 11 counties in the Sacramento Valley-Sierra Nevada mountain region. In terms of highway construction, right of way, and maintenance activity, it is third largest in the state, ranking behind only the Los Angeles and San Francisco districts.

MEN STUDENTS FOR SIERRA TO REGISTER
All men students from the Tahoe-Truckee area who plan to attend Sierra College in the fall and who wish to live in the campus dormitory should send in to the college, 222 Finley Street, Auburn, an application for admission plus a \$25 security deposit. James Brehler at Tahoe-Truckee high school has the applications, which he will furnish to interested students.

The Sierra College dormitory has accommodations for 24 men students. Applications are being processed on a first come, first served basis.

Those unable to secure dormitory rooms will continue to be assisted by the district to the extent of \$40 per month toward room and board. The administration also will assist girls from the Tahoe-Truckee area to find suitable and convenient housing in the district.

CARD OF THANKS

I wish to thank my friends for the lovely flowers and messages sent during my recent illness. I especially wish to thank everyone at the Tahoe Forest Hospital for the excellent treatment and consideration.
